COMPASS ONCOLOGY EDUCATIONAL SERIES

Symptom Management for Treatments of Gynecologic Cancers

Please join Elise Crockford and Jenny Christiansen, certified physician assistants in Gynecologic Oncology, for a discussion of physical and hormonal symptoms experienced during chemotherapy and how to manage and treat them.

After the program you will have a better understanding of:

- How to treat the physical and hormonal responses to surgical procedures
- Systemic symptoms that can occur from chemotherapy IV/IP treatment
- Changes in normal body function caused from radiation therapy

Tuesday, January 31
